

Join Coconut Grove Elementary in going paperless!

Miami-Dade County Public Schools has established a method by which parents may opt-out of receiving the paper Report Card and Progress Report in lieu of an electronic distribution through the parent and student portals. This option will not only reduce paper consumption, but it will alleviate the need to come to school to collect the Reports in person. In addition, it gives parents a real-time view of their child's academic performance.

To register for electronic Report Cards and Progress Reports:

- Log in to the Parent Portal via: <http://www.dadeschools.net/parents.asp>
- Click the "Go Paperless" button
- Select the box under sign up for "Paperless Student Report Card"
- Click "Submit"

Once registered, you will no longer receive a printed Report Card or Progress Report.
